In the Matter of Permit 20843 (Application 30122)

Ferrari-Carano Vineyards and Winery LLC

ORDER REVOKING PERMIT

SOURCE: UNNAMED STREAM

COUNTY: NAPA

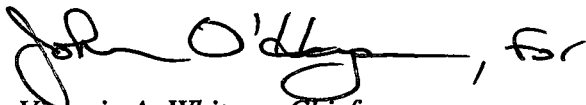

WHEREAS:

1. Ferrari-Carano Vineyards and Winery LLC (Permittee) is the water right holder of water right Permit 20843.
2. On January 23, 2007, the Permittee requested that the State Water Resources Control Board (State Water Board), Division of Water Rights (Division), revoke Permit 20843. The time to complete construction of the project and make full beneficial use of water under Permit 20843 elapsed on December 31, 2001 and December 31, 2005, respectively. Division records (Progress Report by Permittee for 2004 and 2005) states that the reservoir proposed under this permit has not been constructed.
3. By requesting voluntary revocation, permittee waived the right to the hearing and notice requirements set forth in Water Code sections 1410 and 1410.1.

THEREFORE:

It is ordered that the State Water Board hereby revoke Permit 20843, and the water is declared to be subject to appropriation. This revocation may not result in additional water being available for new appropriations if there are applicable restrictions due to past State Water Board decisions regarding water availability.

The place of use is shown on map on file with the State Water Resources Control Board.

5. The water appropriated shall be limited to the quantity which can be beneficially used and shall not exceed 25.5 acre-feet per annum to be collected from November 1 of each year to May 15 of the succeeding year. (0000005)

This permit does not authorize collection of water to storage outside of the specified season to offset evaporation and seepage losses or for any other purpose.

The maximum rate of diversion to offstream storage shall not exceed 2 cubic feet per second. (000005J)

6. The amount authorized for appropriation may be reduced in the license if investigation warrants. (0000006)

7. Construction work shall be prosecuted with reasonable diligence and shall be completed by December 31, 2001. (0000008)

8. Complete application of the water to the authorized use shall be made by December 31, 2005. (0000009)

9. Progress reports shall be submitted promptly by permittee when requested by the State Water Resources Control Board until a license is issued. (0000010)

10. Permittee shall allow representatives of the State Water Resources Control Board and other parties, as may be authorized from time to time by said Board, reasonable access to project works to determine compliance with the terms of this permit. (0000011)

11. Pursuant to California Water Code Sections 100 and 275, and the common law public trust doctrine, all rights and privileges under this permit and under any license issued pursuant thereto, including method of diversion, method of use, and quantity of water diverted, are subject to the continuing authority of the State Water Resources Control Board in accordance with law and in the interest of the public welfare to protect public trust uses and to prevent waste, unreasonable use, unreasonable method of use, or unreasonable method of diversion of said water.

The continuing authority of the Board may be exercised by imposing specific requirements over and above those contained in this permit with a view to eliminating waste of water and to meeting the reasonable water requirements of permittee without unreasonable draft on the source. Permittee may be required to implement a water conservation plan, features of which may include but not necessarily be limited to (1) reusing or reclaiming the water allocated; (2) using water reclaimed by another entity instead of all or part of the water allocated; (3) restricting diversions so as to eliminate agricultural tailwater or to reduce return flow; (4) suppressing evaporation losses from water surfaces; (5) controlling phreatophytic growth; and (6) installing, maintaining, and operating efficient water measuring devices to assure compliance with the quantity limitations of this permit and to determine accurately water use as against reasonable water requirements for the authorized project. No action will be taken pursuant to this paragraph unless the Board determines, after notice to affected parties and opportunity for hearing, that such specific requirements are physically and financially feasible and are appropriate to the particular situation.

The continuing authority of the Board also may be exercised by imposing further limitations on the diversion and use of water by the permittee in order to protect public trust uses. No action will be taken pursuant to this paragraph unless the Board determines, after notice to affected parties and opportunity for hearing, that such action is consistent with California Constitution Article X, Section 2; is consistent with the public interest; and is necessary to preserve or restore the uses protected by the public trust. (0000012)

12. The quantity of water diverted under this permit and under any license issued pursuant thereto is subject to modification by the State Water Resources Control Board if, after notice to the permittee and an opportunity for hearing, the Board finds that such modification is necessary to meet water quality objectives in water quality control plans which have been or hereafter may be established or modified pursuant to Division 7 of the Water Code. No action will be taken pursuant to this paragraph unless the Board finds that (1)adequate waste discharge requirements have been prescribed and are in effect with respect to all waste discharges which have any substantial effect upon water quality in the area involved, and (2)the water quality objectives cannot be achieved solely through the control of waste discharges. (0000013)

13. This permit is specifically subject to the prior right of:

1. Joseph Ghisletta, Jr., Steven Ghisletta, and Mary Maggoria under appropriation issued pursuant to Application 25580A-1;

2. Richard E. Hyde and Richard E. Hyde, Jr., Trustees, under appropriations issued pursuant to Application 25580D and Application 25580A-2;
3. Anthony M. and JoAnn Truchard under appropriations issued pursuant to Application 24506 and Application 25558A. (0160800)

14. Permittee shall install and properly maintain a rated staff gage at the Congress Valley Road Bridge over the Unnamed Stream and supply a rating curve for the staff gage to Joseph Ghisletta, Jr., et. al, and Richard E. Hyde, et. al, and to Anthony M. and JoAnn Truchard within 30 days of the issuance of this permit.

15. Permittee shall bypass the Congress Valley Road Bridge 3.5 cubic feet per second until the prior rights of Joseph Ghisletta, Jr., et. al, and Richard E. Hyde, et. al; and the prior rights of Anthony M. and JoAnn Truchard are satisfied, except that the bypass may be reduced to 2 cubic feet per second once the prior rights of any one of the above parties are satisfied. (0160400)

16. The total quantity of water diverted under this permit, together with that diverted under the permit issued pursuant to Application 29443, shall not exceed 49 acre-feet per annum. (0000114)

This permit is issued and permittee takes it subject to the following provisions of the Water Code:

Section 1390. A permit shall be effective for such time as the water actually appropriated under it is used for a useful and beneficial purpose in conformity with this division (of the Water Code), but no longer.

Section 1391. Every permit shall include the enumeration of conditions therein which in substance shall include all of the provisions of this article and the statement that any appropriator of water to whom a permit is issued takes it subject to the conditions therein expressed.

Section 1392. Every permittee, if he accepts a permit, does so under the conditions precedent that no value whatsoever in excess of the actual amount paid to the State therefor shall at any time be assigned to or claimed for any permit granted or issued under the provisions of this division (of the Water Code), or for any rights granted or acquired under the provisions of this division (of the Water Code), in respect to the regulation by any competent public authority of the services or the price of the services to be rendered by any permittee or by the holder of any rights granted or acquired under the provisions of this division (of the Water Code) or in respect to any valuation for purposes of sale to or purchase, whether through condemnation proceedings or otherwise, by the State or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the State, of the rights and property of any permittee, or the possessor of any rights granted, issued, or acquired under the provisions of this division (of the Water Code).
